MARIAN ADDISON IS HONOR GUEST AT SOCIAL AFFAIR

Mrs. Clark Christy Hostess at Shower Given Behalf of Charming Bride-elect

The home of Mr. and Mrs. C. P. Brice of 304 North Kenwood street was the scene of a most delightful social gathering on Saturday afternoon when their daughter, Mrs. Clark Christy of Downey, entertained a party of friends with a miscellaneous shower in honor of Miss Marian Addison of this city, who is soon to become a bride.

The decorations for the affair were carried out in the conventional Halloween colors of yellow and black, with sly-looking goblins and witches peeping from every available nook and corner in the house.

Adding to the weird effect all of the rooms were darkened by shading the lights a deep yellow color, which cast a soft and fervent glow throughout the house. Huge vases of enormous chrysanthemums were artistically arranged in the various rooms.

Telegram Arrives

Following an hour's enjoyment by the guests by playing progressive buncos, in which a beautiful hand-painted plate was won at first prize by Mrs. C. Carroll, the doorbell suddenly rang and it was announced that a telegram had been delivered to Miss Addison. The short and succinct missive, which was read aloud, told the bride of a large pumpkin vine in the house which she would have to follow to the end, where she would find a "shock." The telegram ended with the following lines of instruction:

So follow the vine to investigate
The bewitching shock of your life,
And discover what the goblin has
To charm a happy young wife.

With these instructions Miss Addison traced the winding vine to its origin, where she unearthed a corn "shock" and yellow pumpkin. Inside of the corn shock was a large box, which was artistically designed in yellow and black, containing many beautiful and useful gifts from the assembled guests.

Refreshments Served

After the packages had been opened and their contents displayed to the party the guests were seated around a long dining table, where they were served with several courses of delicious refreshments. The novel place cards were in the shape of black cats and the favors further carried out the Halloween idea in shape of small yellow baskets filled with similar colored candy.

Mrs. Christy was assisted in entertaining by her mother, Mrs. C. P. Brice, Mrs. A. S. Gramham and her sister, Miss Eleanor Brice. Following is a list of the women who enjoyed the happy affair:

Mesdames A. S. Knox, J. N. McGillis, Ella Richardson, Maud Schofield, Harry Gates, Earl Starkey, H. F. Croft, Ed Carroll, Guy Morton, Ed Radcliff, Misses Ruth Morton, Juanita Emery, Josephine Emery, Myrtle Knapp, Eleanor Brice, Mrs. Chas. P. Brice, and the hostess Mrs. Clark T. Christy.

Automobiles Collide; None Seriously Hurt

What might have proved to be a serious accident was narrowly averted yesterday afternoon when an automobile driven by James H. Culver of 1134 San Rafael avenue and in which were riding Mrs. Culver, Mrs. John Ireland of 637 North Maryland avenue and Miss Hope Ireland was struck while going between La Crescenta and Sunland by another machine about 3:30 o'clock. The force of the collision threw Mrs. Culver out of the machine, and Mrs. Ireland, who had been riding in the rear seat, was thrown over the front seat. Miss Hope Ireland sustained scratches and bruises. The machine which struck that owned by Mr. Culver was trying to pass a wagon and before he could get his machine back on the right side of the road collided with Mr. Culver's automobile. Although all the parties in the accident were badly shaken up, no one was seriously injured.

WOMAN SERIOUSLY INJURED

In a motor car accident at San Fernando and Verdugo roads yesterday, Mrs. R. H. Copp of 1012 Doris street, Los Angeles, was seriously injured and she is now in the Glendale Research Hospital. Dr. Edward Swift, who is attending her, holds hope for recovery if complications do not set in as the result of a punctured lung, three ribs being broken. The woman also has severe facial lacerations.

VISITORS AT LONG BEACH

Mr. and Mrs. A. H. Feulscher and daughters, Annie and Alice, of 237 South Orange street, enjoyed the day at Long Beach yesterday, where they were the guests of Mrs. Feulscher's brother-in-law and sister, Mr. and Mrs. A. Maurer, who are leaving on Wednesday by automobile for Nevada.

PLAN RESUMPTION OF SERVICE OVER ISLAND OF YAP
WASHINGTON, Oct. 17.—Arrangements for the temporary resumption of cable service over the island of Yap cable have virtually been completed, it was stated at the state department. Officials said that the resumption of service did not mean that the Yap controversy is in its final stages of settlement. A formal announcement is expected soon.

ARREST GIBBONS AND O'DOWD UNDER ANTI-FIGHT LAW
WICHITA, Kans., Oct. 17.—Mike Gibbons and Mike O'Dowd, principals in a fifteen-round boxing match to have been held here tomorrow night were arrested here today under orders of Attorney General Hopkins, for violation of the state anti-fight laws. BABE RUTH TO BE PUNISHED, HINTS JUDGE LANDIS
CHICAGO, Oct. 17.—Without specifying what action he will take in the case, Judge K. M. Landis, high commissioner of baseball, strongly intimated upon his return here today that Babe Ruth, the big slugger of the New York Yanks, will be punished for his participation in "barnstorming" games at Buffalo and elsewhere in violation of the baseball code. "No law abiding player," said the judge, "need fear that the laws of baseball will not be enforced."

OLD FIGHT OVER JUDGE LANDIS BREAKS OUT IN SENATE

WASHINGTON, Oct. 17.—The old row concerning the propriety of Judge K. M. Landis, holding a position as commissioner of baseball, broke out anew in the senate this afternoon. Senator Dial, democrat, of South Carolina, read into the congressional record the resolution passed by the American Bar Association, condemning Landis for holding the baseball position while on the bench. Senator Johnson of California, came to the defense of Judge Landis and declared that if the judge's decisions "had permitted the corporations to skate on thin ice," the American Bar Association would not criticize him.

TREATY RATIFICATION BY SMALL MARGIN, PREDICTED

WASHINGTON, Oct. 17.—By a bare margin of only three or four votes will President Harding be able to secure ratification of the German, Austrian and Hungarian peace treaties by the senate, republican leaders estimated today when final consideration of them was begun. But for the support of a little group of democratic senators led by Senators Underwood of Alabama and Hitchcock of Nebraska, ratification by the necessary two-thirds vote would be impossible. So dangerously close do the republican leaders admit the vote is going to be that they are seeking to have Governor Sproule of Pennsylvania fill the vacancy caused by the death of Senator Knox without delay so they may be sure of another vote.

PERSHING AND LLOYD GEORGE SPEAK AT WAR SERVICE

LONDON, Oct. 17.—The decoration of the grave of Britain's "unknown warrior" at Westminster Abbey by General Pershing today forged a new bond of friendship between England and America, declared Premier Lloyd George. General Pershing conferred the congressional medal, the highest military honor in America. General Pershing, in a brief speech, referred to the importance of the occasion as cementing Anglo-America unity. After referring to the honor as binding together two great peoples, Premier Lloyd George added: "It will have great significance to all the people of the British empire and will form an indissoluble bond of unity between two peoples of the English race. Unity of two such peoples becomes the best guarantee of the world's peace in the future."

MAKES APPEAL FOR BEET SUGAR AND TRADE AT HOME

General Manager of Factory Urges Public to Learn of Important Industry

Declaring that old prejudices against beet sugar were unjustified in view of modern refining methods, E. C. Hamilton, general manager of the Los Alamitos sugar factory, made a stirring appeal for the industry before the Commercial Secretaries' association of southern California at their meeting in Oxnard last Saturday. He urged that the public be educated to the use of beet sugar for baking for it is just as good as the cane product now.

Two beet sugar mills in southern California are now closed, he told the secretaries, because people here continue to use the eastern product. If they would "trade at home" hundreds of workmen would be given employment. It is impossible for California sugar to meet the Cuban cane on the eastern markets, but it does sell for a similar price here.

Newspapers Potent Factor

Mr. Hamilton referred to the education of the public through the newspapers as outlined by E. F. Sanders, assistant secretary of the Glendale Chamber of Commerce, in telling how 1000 membership roll was gained here. "The first potent factor in the success of any campaign," said Mr. Sanders, "is the newspapers." He then described the methods used, keeping Chamber of Commerce activities constantly before the people and using personal solicitation, banquets and rallies to attain the ultimate goal.

More than 100 people attended the barbecue dinner prepared by the Oxnard chamber and the Sammies' Sisters entertained with musical selections. James M. Rhoades, secretary of the local organization, has engaged them for the opening of the new Chamber of Commerce headquarters in the Citizens building, an event of next month. Oxnard is a progressive Ventura county commercial center, Mr. Rhoades reports.

Miss Susie Smith Is Music Club President

The first regular meeting of the season of the Juvenile Auxiliary of the Glendale Music Club was held Saturday afternoon at the home of Mrs. Frank N. Arnold, 211 East Loma avenue, with about fifteen children present. Mrs. Mattison E. Jones, president of the Glendale Music Club, attended the opening meeting of this popular auxiliary.

On account of the resignation of two of the officers of the auxiliary Miss Susie Smith was elected president and Miss Rebecca Brant recording secretary. The second Saturday of each month were decided on as the date of meetings, with the time set at 2 p. m.

Following the business meeting a short program was given, including a piano selection "Melody of Love" (Engelman), by Josephine McLaren, and piano selection, "The Waltzing Doll" (Toldini), by Miss Mildred Pray. This was followed by musical games, after which refreshments of punch and wafers were served.

Have You a Rowboat? City Would Like to Use It for a Few Days

A job equal to being "prop" men at a motion picture studio is that of city purchasing agent.

The plant and production department of the public service department this morning requested J. H. Webster to obtain a row boat for a day or two.

It is Superintendent P. Derich's intention to place a man in the boat in the new 7,500,000 gallon reservoir on Verdugo Road to watch the expansion joints and report any seepage when the water is first let into the huge cement tank.

The question confronting Mr. Webster is:

"Who has a boat to lend the city for the christening of the reservoir?"

You may telephone him at Glendale 1300 between 8 a. m. and 5 p. m.

Captain McAfee Home From Hunt; Gets Deer

Captain and Mrs. G. W. McAfee of 214 East Loma avenue have returned from a two months' hunting and pleasure trip in the northern part of the state. They made the trip by automobile and visited in Sacramento, Stockton, and also toured through Siskiyou, Modoc and Larson counties. About 1500 miles were covered in all during the trip.

Captain McAfee had the good fortune of shooting two fine specimens of deer. They encountered some very hard traveling, but in some of places the roads were good. There was frost nearly every morning, and two inches of ice the morning they left on the return trip.

BENEFIT CLEARS OVER \$62

At the benefit performance, given recently at the T. D. & L. theatre under the auspices of the Cerritos avenue Parent-Teachers' association of which Mrs. E. L. Adams is president, that organization cleared more than \$62. This amount will be used for the purpose of purchasing playground equipment for use at the Cerritos avenue school.

PUTS A STOP TO THEFTS

For the first time in months a week-end has passed without a large number of automobile accessory thefts being reported to the police. It is believed by Chief A. O. Martin that arrests of the past week have effectively put a stop to the work of an organized gang of thieves.

ADMINISTRATION DOES NOT INTEND TO PERMIT PARALYSIS OF INDUSTRY BY NATION-WIDE STRIKE, DECLARED

President Harding Is Urged To Appear Before Congress To Ask Legislation; Erie Road Cuts Wages Despite Labor Board; Leaders Confer

WASHINGTON, Oct. 17.—While the various agencies of government worked quietly today to prepare for any eventualities that may come out of the threatened nation-wide railroad strike, officials made it clear that the administration does not intend to permit the paralysis of industry and business because of the difficulties between the roads and their employees.

The only official making a public announcement on the government's plan was Postmaster General Hays. Strike or no strike, he said, the United States mails were going to be moved. His statement reflected the general attitude of government officials.

President Harding was today urged to avert the calamity of a nation-wide transportation tieup by appearing before Congress to "urge immediate legislation restoring the railroads to unified government operation," in a letter sent to the White House by Benj. J. Marsil, managing director of the Farmers' National Council.

Marsil declared that there should not be a "reduction of wages paid railroad employees, but prosecution of the grafting malefactors of great wealth who have been looting the roads."

Although there is some pressure for the passage of anti-strike legislation as a means of checking the railroad tieup, Senator Poindexter of Washington, author of an anti-strike bill which died in the last session of Congress, said today he had no intention at this time of attempting to revive the bill. Senator Poindexter admitted that he had been urged to do so.

Senator Poindexter conferred with the president, but said that he did not discuss the strike situation.

SHOE PITCHERS OF STATE TO MEET IN GLENDALE

Plans were made Saturday afternoon at South Park for holding the State Horseshoe Pitchers' tournament here Friday and Saturday, November 25 and 26.

The following seven directors of the state association were ratified: George T. Paine, Glendale; W. P. Anderson, Long Beach; W. A. White and John Sprague, Pasadena; S. H. Durham and Gus Mignot, South Park; and G. W. Webb, Western Avenue club, Los Angeles.

William Thomas of Long Beach was selected as referee for the tournament. The program committee consisted of the secretaries of the five clubs comprising Glendale, Long Beach, Pasadena, South Park and Western Avenue, will meet here tomorrow to formulate plans for making the day a success.

Charge for Entries
A charge of 50 cents will be made for each entry and entry blanks may be secured from State Secretary George E. Krimbel, 348 Carrol Park, West Long Beach, no later than November 19.

In addition to the regular prizes to be given the clubs of Long Beach, Pasadena, South Park and Western Avenue will also give a trophy prize to the winner.

Since the interest has become so pronounced here in the sport of pitching horseshoes, the announcement of the record of Frank Jackson of Kellerton, Iowa, who won the national championship, is of much significance to the local and state organization.

Mr. Jackson met sixty expert contestants and in the final contests won fifteen straight games, his score showing 291 ringers and 110 double ringers.

Tommy Meagher, a Kansas City boy, 17 years old, won second in the final games.

Pennsylvania People Are Asked to Register

Dr. F. M. Collier this morning asked The Glendale Evening News to call attention of all Pennsylvanians in Glendale, Burbank and Eagle Rock to the fact that if they have not already registered they should do so as soon as possible at his office, 125 1/2 North Brand.

"Plans are being made," said Dr. Collier, "for a picnic to be held in the near future and other events during the coming winter."

"All who are willing to help make this picnic a success are asked to communicate with me as soon as possible so that plans may be completed."

Pennsylvanians were recently asked to organize by Dr. Collier and a number immediately did so. There are others who would, no doubt, like to register and they are urged to do so at once. This means those in Glendale, Burbank and Eagle Rock.

Greatest Railroad Strike In World's History Is Due?

CLEVELAND, Ohio, Oct. 17.—"There will be no turning back. We are going ahead with our plans for the greatest railroad strike in the world's history."

This was the declaration this morning of Wm. G. Lee, president of the Brotherhood of Railway Trainmen and of officials of the "big four" brotherhoods and of the Switchmen's union of North America, as they made plans for the conference for the heads of the five unions involved in the proposed nation-wide strike, affecting all railroads.

MAKE EFFORTS TO PREVENT TIEUP OF RAILROADS IS PROOF PEOPLE ARE AWAKENING

**Belief Is Administration Will
Not Permit Roads to
Become Paralyzed**

(Continued from Page 1)
and scheduled to begin October 30 at
6 a. m.

Headquarters of the order of Rail-
way Conductors, now located in Cedar
Rapids, Iowa, and of the Switch-
men's Union, now at Buffalo, will be
temporarily removed to Cleveland, in
order that all five of the executives
may be available for immediate coun-
sel upon any development.

Southern Pacific to Be Among Systems First Hit

CHICAGO, Oct. 17.—The South-
ern Pacific, the Chicago and North-
western and the Missouri Pacific are
among the big railroad lines included
in the group to be first hit by the
railroad strike, according to well-in-
formed circles today.

Other railroads named in the first
group are the Kansas City Southern,
the International and Great North-
ern, the Texas Pacific, the Chicago,
Milwaukee & St. Paul (with the ex-
ception of the Chicago, Terre Haute
and Southeastern Division), the
Northern Pacific, the Southern Rail-
way (lines east and west), the Sea-
board Air Line and the Virginian
Railroad.

Several changes were made in the
original group and there may be fur-
ther revisions before October 30, it
was stated.

Distribution of Food on This Coast Is Easy Problem

SAN FRANCISCO, Cal., Oct. 17.—
The Pacific coast will face the threat
of a national rail strike with a
greater degree of equanimity than
any other part of the country, ac-
cording to traffic experts. Water-
ways and highways tapping almost
every section will provide means of
food distribution. Great fleets of
trucks are available for food carrying
purposes and warehouses in the prin-
cipal coast centers are bulging with
foodstuffs, the product of the 1921
pack just being completed. Ship-
ments east may be curtailed but wa-
ter freight will move supplies to the
eastern seaboard and to Europe.
Many shippers are now taking advan-
tage of cheaper freight rates via the
Panama canal and should a rail
strike paralyze transcontinental
shipments, this water service is ex-
pected to be greatly expanded.

Railroad Stocks Sell Off on New York Stock Market

NEW YORK, Oct. 17.—Railroad
stocks reflected the unfavorable de-
velopments in the railroad situation,
selling off from 1 to over 2 points
on the stock market today. While a
railroad strike was conceded to be a
decidedly unfavorable factor, specu-
lators were inclined to pay more at-
tention to the possibility of a reduc-
tion in freight rates by the roads
with a resultant decrease in their
earning power.

New York Central, St. Paul pre-
ferred, Northern Pacific, Reading,
Southern Pacific, Baltimore & Ohio
and Great Northern preferred showed
the greatest declines.

United States Mails to Be Moved, Says Postal Official

WASHINGTON, Oct. 17.—Rail-
road strike or no, the United States
mails will be moved, Postmaster Gen-
eral Hays said today.

The postmaster-general made the
following statement:
"I am sure the parties to the con-
troversy will not permit develop-
ments which will interfere with gov-
ernment service; this is no time for
statements from this department. A
time may come for action. I sin-
cerely trust that it will not. If it
does, there will be action. The mails
will be moved."

Transportation Fleet of Motor Trucks Being Formed

CHICAGO, Oct. 17.—A gigantic
motor transportation fleet is being
mobilized here today in preparation
for the railroad strike.

More than 2,500 trucks will be or-
ganized to carry fuel and foodstuffs.
Chicago manufacturers declare the
strike will affect only a few indus-
trial plants here because operation
has been on a small scale. Raw
goods have been stored, they say, and
there will be ample time to store
manufactured materials before the
threatened tieup.

Promise of Lower Rates on Freight Is Declared 'Joke'

CLEVELAND, Ohio, Oct. 17.—
"The proposal by the public group of
the Railway Labor Board to con-
vert present and prospective wage
reductions into lower freight rates is
joke No. 1 that the railway execu-
tives are attempting to play upon the
public," declared Warren S. Stone,
Grand Chief of the Brotherhood of
Locomotive Engineers, upon his re-
turn here this morning.

Agreement of No Further Wage Cuts Would Halt It?

CHICAGO, Oct. 17.—Assurance
from "one big man in the govern-
ment" that there be no further wage
reductions for one year, would avert
a nation-wide railroad strike, T. M.
Pierson, second vice-president of the
Order of Railroad Telegraphers, de-
clared here today before his depart-
ure for his headquarters in New
York.

**Silent for Centuries, Ignored by
Powers, Country Begins
Uprising, States Official**

By WEBSTER K. NOLAN
Written for International News Service
WASHINGTON, D. C., Oct. 17.—
The uprising in South China is
"proof that China is awakening to
her possibilities," S. Feng Hua
Huang, secretary to the Chinese dele-
gation to the armament and Far East
conference, declared today.

"This war has the appearance of
a rebellion of purely military calibre,
but, as a matter of fact, it is gener-
ally political warfare," said Huang.
Silent for centuries, ignored by the
great powers, except to be exploited
by them, despotic and oligarchic in
government for decades unnum-
bered, China now raises its head and
has something to say.

"True, this particular disturbance
is internal and would suggest to the
outsider serious disagreement within
China. But to us, it means that the
Chinese people have begun to take
an interest in their government. The
desire of the provinces of Hu Pei and
Hunan to be granted autonomy pre-
cedes the birth of a spirit of inde-
pendence that, far from being detri-
mental to China's aims, is admirably
suited to her aims. It is China's
wish to stir up the people, to let
them know they have a voice and
that having it, they may speak and
be heard.

Says People Want Voice

"Not that the revolt of Hu Nan
and Pei provinces and the reported
invasion of North China by an army
headed by Dr. Sun Yat Sen is in
any way discounted," Huang hasten-
ed to make assurance, and contin-
ued, "rather is this revolt looked
upon as a springing to the surface
of a century-old desire on the part
of the people to be given a voice in
their government. And where they
point out dissatisfaction, they will
receive redress. North China pro-
poses to capitalize this spirit of in-
dependence now finding outlet in a
somewhat noisy fashion. It is from
such discontent as this that the na-
tions have builded up their powerful
governments.

"Some of the thirteen original col-
onies of America often came to blows
with their neighboring colonies but
they united in battle against the com-
mon foe. In this wise will China
rise," said Huang.

Upper Silesia May Be Scene of New Fight

LONDON, Oct. 17.—Two millions
of soldiers, Allied, Polish and Ger-
man, may become involved in hostil-
ties in Upper Silesia, according to
advice received by the Daily Sketch.
It is reported in French sources that
German troops are crossing the bor-
der into Upper Silesia constantly and
France is making preparations for
actual warfare. The Polish troops
have been armed and trained by the
French and are concentrated for war
purposes.

Business Man Killed While on Deer Hunt

MONTROSE, Colo., Oct. 17.—The
first fatality of the deer hunting
season was reported here when word
was received of the death of Walter
McGoffery, prominent Montrose
business man, from a shot inflicted
by a companion while the couple
were trailing a deer near Lake City.
The open season for deer in Colorado
is only four days, October 12 to 15.

Bavarian Diet Will Discuss League Action

MUNICH, Oct. 17.—The Bavarian
Diet is expected to convene to dis-
cuss the Upper Silesian situation.
Forecasts of the League of Nations'
decision which are unfavorable to
Germany have had the effect of al-
ligning the hostility between Prussia
and Bavaria.

Spanish Cabinet May Tender Resignation

MADRID, Oct. 17.—Reports of
friction among the cabinet which
might result in the resignation of
the ministry were current here fol-
lowing a special meeting of the cabi-
net. The members were said to be
divided over the military operations
against the Moors in Morocco. The
cabinet meeting was held in the
royal palace.

Several Persons Killed When Train Is Bombed

VERA CRUZ, Oct. 17.—Several
persons were killed and others were

Demonstration Sought In Favor of Germany

BRESLAU, Upper Silesia, Oct. 17.
Feeling is running high throughout
Upper Silesia over the League of Na-
tions' disposition of the province.
Clashes have taken place and the
commanders of the Inter-Allied
troops are on the alert to nip in the
bud any attempt at widespread or-
ganized fighting. The municipal
council, which is German in sym-
pathy, has invited the whole popula-
tion to make a demonstration in fa-
vor of Germany.

Famous Journalist Is Jailed; Treason Charge

BERLIN, Oct. 17.—A great sensa-
tion was caused by the arrest of Dr.
Hugo Stadler, famous journalist, on
the charge of treason. Dr. Stadler
is a nationalist and is opposed to so-
cialism and bolshevism. His arrest
was based upon an article in the Tae-
gische Rundschau, attacking Chan-
cellor Wirth for alleged "Machiav-
elian insincerity." Dr. Stadler de-
clared that Chancellor Wirth double-
crossed socialists, catering to indus-
trial wards.

Phyllis Kimlin Given Doll at Sherrod Shop

Phyllis Kimlin, 5-year-old daugh-
ter of C. E. Kimlin, 219 North Isabel
street, didn't want to go to school
today—she wanted to stay home and
play with her big new doll.

Soon after sundown Saturday night
Phyllis succeeded in getting her
mother to bring her down to Sher-
rod's Specialty Shop, 207 East
Broadway in order that she might
admire the immense, almost life size,
pink clad doll in the window. Later
in the evening Mr. and Mrs. Kimlin
and Phyllis returned to the scene
when the store was packed with lit-
tle boys and girls who had brought
their parents with them. A little girl
was selected to give away the doll.
She was placed upon a counter, but
got frightened at the crowd before
her and started to cry. Her job was
given to Phyllis. At the proper time
she gave the doll away—to herself.

During the afternoon little Louise
Fordera of Los Angeles posed in the
window clad in some of the elegant
children's dresses sold at the Sher-
rod's Specialty Shop. Louise soon
had the affection of every passer-by.
Although only 3½ years of age, she
speaks French and Italian as well as
English and can spell her name. She
has appeared in the movies with
Douglas Fairbanks.

prizes at the Riverside county fair
last week. The prize winner was en-
tered under the auspices of the
Southern California Kennel club in
connection with the Riverside County
fair.

The prize winner was awarded
three ribbons, two firsts, and a sec-
ond, which puts him in an enviable
class of canine dignity.

Mr. Tice is proud of the remark-
able showing made by "My Pardner"
and is enthused over pure bred Aired-
dales. He states that he intends to
start a kennel in Glendale just as
soon as he can find a suitable place,
and will feature the popular Aired-
dales.

AN EXPLANATION IS GIVEN

Mrs. Frederick Paap of 1416 East
California street would like to make
an explanation regarding a statement
that was given by her to the police
who gave it to the newspapers Sat-
urday in reference to her adopted
daughter, Jessie Wyht, who disap-
peared while on her way home from
school last Tuesday. The statement
that she had at one time been a ward
of the Juvenile court, refers to the
time when her mother died, leaving
Jessie at the age of 6 and a little
boy of 4, with a father who was not
a proper person to care for them.
They were taken from him by the
Juvenile court authorities and placed
in an orphan asylum at Chattanooga,
Tenn. Never at any time since or
for any other reason has Jessie been
a ward of the court.

BEST FROM CHESAPEAKE

The Chesapeake bay blue crab, the
largest specimen found along the At-
lantic coast, is considered the best.
While these crustaceans were very
plentiful a few years ago, it is becom-
ing evident that unless a "closed sea-
son" is declared they will become as
rare and high priced as terrapin. The
little pea crabs, found within oyster
shells, are considered a delicacy,
while the cancer magister, the large
crab of the Pacific coast, is exten-
sively used for food in that part of
the country.

THE DAMAGE

"No, sah," replied Robert Bucka-
too. "It didn't fraction no 'potion
of muh 'natomy when dat automobile
done run over me straight across and
den diagonal, but I'm bruised and
bungled twell I'm all de colors o' de
rainbow."

The greatness that is thrust upon
a man usually goes to his head.

Mrs. Anna Cheesman Is Here From Dixon, Ill.

Mr. and Mrs. F. A. Clarke took
Mrs. Clarke's mother, Mrs. Anna
Cheesman, of Dixon, Ill., to the of-
fice of Contractor W. G. Boyd, 201
North Brand boulevard, for a visit
the first of the week, and showed
her the beauties of southern Califor-
nia via Riverside, Mt. Rubidoux, and
the Mission Inn. Returning, the
party had dinner at Casa Blanca, On-
tario. Mrs. Cheesman came August
13 for a visit with Mr. and Mrs.
Clarke, and returned Wednesday, de-
claring herself deeply in love with
southern California, particularly
Glendale. She would remain here
permanently if it were not for her
children in the east, but hopes to be
here a great part of her time anyway.

REFUSED WARRANT, CLAIM

"It's bad enough to have your
plumbing tools appropriated," said
Daniel Hunsberger today at the of-
fice of Contractor W. G. Boyd, 201
North Brand boulevard, "but when
you can't get a warrant sworn out
for the man, then it's adding insult
to injury." Mr. Hunsberger, 412
West California, while engaged to do
some plumbing for W. G. Boyd, came
to work the other morning and found
many of his tools missing. An em-
ployee, he states, was also among
the missing. Mr. Hunsberger lost
no time in hurrying to Los Angeles
to get a warrant sworn out, but after
he got there he said the officials
wouldn't give him a warrant unless
the man was seen leaving with the
tools.

FIRST METHODISTS
IN ANNIVERSARY
CELEBRATION

Eighteenth 'Birthday' Local
Church Observed; Sermon
by Rev. C. R. Norton

The eighteenth year of the founding of the First Methodist Episcopal church in Glendale was commemorated yesterday by an anniversary sermon by Rev. C. R. Norton, pastor emeritus, the founder and first pastor of the church.

Rev. Norton's text was taken from I Corinthians, third chapter: "For all things are yours; whether Paul or Apollo, or Cephas, or the world, or life or death, or things present or things to come; all are yours and ye are Christ's; and Christ is God's."

A part of the discourse follows: "Eighteen years ago this morning in Odd Fellows' hall, Oct. 11, Dr. John Stafford, district superintendent of the Pasadena district, received thirty-two names as charter members of this church. Seven are still with us. Mr. and Mrs. C. E. Russell, Mr. and Mrs. Joseph Brown, Mr. and Mrs. Benjamin Quick, and Mrs. Mary Turner. Some others are in neighboring churches, as at Burbank.

Promise Still Held Out
"The promise of the wonderful text of Paul was held out to the small group of early members as it is still held out to us. It is an inspiring promise that Paul extends to all those who enter with him into a compact to serve the Christ.

"Will the investment yield returns in business life. What of the spiritual?"
"The Lamb of God came from Heaven with a proposition for men. He asks for the investment of their all. Eighteen years ago the thirty-two made such an investment.

"In the inventory of the returns on Christian investment four items may be considered.

"The first item is one of royal relationship. We are the children of a king. On visiting the modest home of an aged mother when I was a young minister I was surprised to hear her say: 'I am rich!' Later she explained that her eleven sons and daughters were all working for humanity. These were true riches. I, too, am rich. I am a member of the family of God, reaching from Abraham down to the present.

Shall Inherit the Earth
"A second item is that the world is yours because you belong to Christ. The same shall inherit the earth as shown in the eleventh chapter of Hebrews.

"A third item is life. All seeming life is not life. The wicked shall not live out half their days. The truth was stated by one of the great leaders of England who asserted that his real living began when he was born again at God's altar.

"The fourth item is death. The care and anxiety over death is conquered. In my early ministry a young Christian man was sinking on his death bed. 'Mother,' he said, as he gazed at his pallid hand, 'is this death?' 'Yes,' she tearfully assented. 'Then,' said he, 'death is the sweetest experience of my life. I see the doors of Heaven opening and hear the restful music pouring through.' Death was a conquered enemy as it is to every true Christian.

"All, all is yours, beloved! Friends say, 'I'm the child of the world in his hands.'"

At the service the aged pastor emeritus was pleasantly surprised by the presentation by Mrs. Charles Starkey, president of the Ladies' Society, of a beautiful vase of flowers as a token of esteem. Rev. Norton gave a brief feeling response, thanking the members for their appreciation.

Large Class Attending
Sunday's Bible Study

Seventy-five men were present at the Presbyterian Bible class taught by Keith L. Brooks in the council chamber of the city hall Sunday forenoon. The class is growing steadily and is an enthusiastic gathering which features much hearty singing and an inspiring spirit of fellowship.

Following the announcements by G. F. Taylor and C. W. Ingledue, Keith L. Brooks of the Bible Institute conducted the class using the fourth chapter of Matthew as his text and basing his remarks on the temptations of Jesus. The talk was very instructive and pointed out the danger of the three sins, doubt, presumption and treason.

The class takes much pride in being credited as a live wire organization and its members are working hard to increase the membership.

COMMENT
THAT'S ALL

Most Wonderful City
Missouri Watermelons
Home Town Paper Week
Big Rail Strike Looms
—By Gil A. Cowan—

FROM a banker resident of Springfield, Mo., comes the following communication which should be pleasing, indeed, to Glendale people: "On September 22 last, while attending the National Association of Insurance people, I drove through Glendale and while there stopped at your office and secured a copy of your paper as I was very much impressed with your beautiful little city."

"While in California this time I had the pleasure of driving a great deal and think you have the most wonderful little city in the state and hope some day to be numbered as one of the citizens of Glendale."

There you are folks. That is the impression created by one motor trip to this city. It is to be doubted that any fair minded person coming to southern California could arrive at any other conclusion than that Glendale is "the most wonderful little city in the state."

Southeastern Missouri is attracting much attention this year with a half-million dollar cash crop of watermelons. They are grown in two counties noted for their swamp land, but by clearing and draining a sandy soil is obtained, which, with abundant moisture and hot weather, is making the section widely known for its melons. Kennett is the center and the bureau of markets of the United States department of agriculture has a representative stationed there.

The watermelon season in Missouri extends approximately from July 25 to August 30, which again bridges the gap between heavy southern shipments and the heavy yield farther north. At this period southeastern Missouri becomes temporarily the most important watermelon shipping district of the country.

Really, it would seem that the thousands of melons harvested in the San Fernando and Imperial valleys of California were nothing at all compared with those "from Missouri."

In an effort to improve conditions of country newspapers generally, a nation-wide movement has been inaugurated for a "Home Town Paper Week" which will extend from the Great Lakes to the Gulf. This event will come the same week as the American Legion Carnival here, November 7 to 12.

The idea is that during that week every reader and advertiser will do something to extend the circulation and enhance the prosperity of his home paper. If this is done, the communities will share in the benefits through the greater usefulness of the local newspapers.

Day after day and week upon week for years and years The Glendale Evening News has been carrying the messages of the man here to the homes. It has chronicled the births and deaths and other doings of the community until it has become the "home town" paper for thousands of loyal citizens. They will aid The Glendale Evening News in observing the week.

With startling rapidity this nation has had severe shocks in the news dispatches. First, all home brewing materials are to be seized. That would be the lot of people to hurry their private stock of malt and hops into hiding.

Now comes word of a great railroad strike—an almost unthinkable event. If considered seriously it means nothing short of a national catastrophe. And fear of that has started merchants and all other people depending on freight to order goods sufficient to tide them over several months' tie-up.

It is observers' belief that government operation will follow the first days of the strike, but with the great losses pocketed by the railroad administration during the war it is doubtful whether public opinion would accredit another such regime.

Strike or no strike, southern California need not be seriously alarmed. With its oil wells and refineries there is plenty of gasoline to keep motor cars running for an indefinite period, thus providing transportation. Raw products can be brought here from other parts by water to San Pedro and here the manufacturers can supply the residents with all that the adjacent valleys can produce.

News dispatches today accentuate the plight of New York. There should be stories sent east accentuating the good luck of Los Angeles should the rail lines be tied up. Glendale gardens and poultry ranches in the vicinity would keep the people from hunger here.

THURSDAY CLUB TO
HOLD DISCUSSION
ON NEW NAME

Opening Meeting Will Take
Place This Week; Change
In Title Is Proposed

At a recent meeting of the officers and board of trustees of the Thursday Afternoon club it was decided that the opening meeting of the year for the entire club is to take place on Thursday afternoon of this week at the branch library building on the corner of South Brand boulevard and Los Feliz road.

Mrs. E. V. Bacon, president of the organization, has announced that a number of important business measures will be discussed and that a large opening crowd will be present.

Change in Name
By far the most important and interesting question to be brought up at Thursday's session will be that of changing the name of the society.

Various names for the club have been suggested and discussed, and a spirited meeting is anticipated before the final title is chosen.

According to several of the leading members of the organization the selection will be made from the following three: Women's club, Women's Unity club and Women's Civic club.

First Presbyterian
Church Grooms New
Members on Sunday

At the Presbyterian church Sunday morning the Lord's Supper was observed, and new members were received. As customary on this occasion, the evening service was one largely of music. In addition to the anthems by the quartet choir, directed by Mrs. Fannie Marple Ritts, two violin solos were given by Miss Esther Gleiss, "The Holy City," and Gounod's "Ave Maria," the latter accompanied by both piano and organ with fine effect. Miss Marie O. Oliver gave a fine soprano solo, "How Lovely Are Thy Dwellings," by Liddle.

The pastor, Rev. W. E. Edmunds, expressed his purpose soon to give some evening addresses, based upon Sidney Watson's remarkable book, "The Mark of the Beast."

The assistant pastor, Rev. Louis Tinning, preached a short sermon upon "The Four-Square Faith," the great fundamentals of Christian belief.

"They are," he said, "first, the inspiration of Scripture. This is justified to the fullest degree by the fulfillment of its prophecies by Christ's use of the Old Testament as absolute authority. By its finding man as he is in all his needs. We will believe it all, or we will not believe it at all. Second, the Deity of Christ. If that goes, everything goes. 'What think ye of Christ?' is the vital question yet. His deity was attested in many different ways; by the voice from heaven, by His own estimate of Himself, by the supernatural events occurring at the hour of His death."

"Third, the cross of Christ. He came not as an example, but to die for us. Because He did that, we are set free in perfect assurance. What men need today is a sense of sin and need of such a Saviour. Fourth, the second coming of Christ. He may come at any time. How that hope thrills! How glad we are, how hopefully we look out into the future. The upward-gazing disciples were told, 'This same Jesus, which is taken up from you into heaven, shall so come, in like manner as ye have seen Him go into heaven.'"

Henrietta Smith Ford
Secures Divorce Decree

A divorce was granted Saturday to J. J. Chapman, 129 North Everett street, and Henrietta Smith Ford. As a result, Henrietta is back again today with her stepfather, Jesse Smith, in the Ford garage. She continues to vamp pedestrians who approach her, but states emphatically that 50 cents will never be enough to buy her again.

This means that Mr. Chapman has sold back to Jesse Smith, local dealer, the Ford which was given to him at the Catholic church bazaar last Wednesday night. He received in the neighborhood of \$500.

Altogether, Henrietta brought the church exactly one thousand dollars.

R. K. Brundage Opens
Realty Office In City

R. K. Brundage, 420 West Colorado street, has opened up a real estate office at 200 West Broadway and is now meeting his clients there. Mr. Brundage is one of the live wire boosters for Glendale and believes in the future of the city. He came here about three months ago from Modesto and became so impressed with the values of real estate as good investments that he decided to locate here permanently.

Mr. Brundage opens his office with a large listing and his clients should find the kind of property desired, he states.

Hi-Y Members Conduct
Sunday Night Services

A deputation of Hi-Y young men of the high school conducted well-attended services at the Congregational church last night. Scriptures were read by Maynard Toll, after which Dale Wood gave an excellent address on "Does the Christian Life Pay?" The speaker demonstrated that the Christian life is worth while, and gave many apt illustrations. His talk was followed by an address on "The Relation of the Church to the Community," by George Jordan who delivered a very interesting and helpful message. Rex Kelly, county Y. M. C. A. secretary was present and explained the work of the Hi-Y, and introduced the speakers.

Rev. C. M. Crist Much
Better, Doctor States

Rev. Clyde Monroe Crist, 315 North Jackson street, of the First Methodist church, who since Friday morning has been threatened with pneumonia is reported much better today. It is believed now the danger stage is passed and that the pastor will be able to resume his ministerial duties within a week or ten days is the belief of the attending physician.

To say of a man, "he means well," impugns his judgment.

TURN HAIR DARK
WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell
The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked, and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement.

'WHO AM I?' THAT'S PUZZLING QUERY FOR THIS GIRL

Never Knew Parents, Inherits Gambling House and— Well, It's at Glendale

An excellent screen offering is to be found at the Glendale Theatre today, where "Who Am I?" the latest National Picture, is holding forth as the headline attraction.

What impresses the observer most on witnessing this production is its uniformity in every department. The cast is composed of players who are about equally balanced as to ability, although the greater opportunities go to Claire Anderson and Niles Welch. The settings are all of richness and refinement, and even the scenes depicting the gambling house are conspicuous by the good taste displayed in creating the required atmosphere and still avoiding an over-display of luxury.

Henry Kolker, the director, should be classed as a "suspense" expert for in this story, written by Max Brand, he has developed this element to the last degree.

Never Knew Parents
 The story relates of a young girl who has never known her parents. Upon reaching her majority she inherits a gambling house from her dead father. Her lack of experience prompts her to continue the establishment and the spirit of the chance secures such a hold on her that she is placed in the position of staking her very existence on a cut of the cards. How she extricates herself and finds a haven of security in the arms of the man who loves her is shown in a cleverly portrayed sequence of scenes that are fraught with interest from start to finish. "Three Good Pals," a Sunshine comedy featuring funny ducks, and Pathe News complete the program except for Paul Carson's playing "Somewhere a Voice is Calling," a beautiful organ interlude.

Hjorth Construction Company Force Active

The Hjorth Construction company, 224 South Brand boulevard, is being kept busy on several contracts in different parts of Glendale. A two-story duplex house is being put up by the company for Dan Tracy at 340 North Jackson street. Work will start soon on a five-room house for Miss Hilda Miller, 447 Vine street.

Foundations are laid for the first three houses for Doner-Hemenway-Burn, 110 South Brand boulevard, who are putting up nineteen houses on the block bounded by Doran, Concord, Milford and State streets, and the construction work was begun today.

A garage at 122 South Adams was recently completed for Mr. Sawhill of Los Angeles, and another garage is practically finished at 120 South Maryland avenue for Mrs. Cora J. Wolf of Los Angeles. A six-room duplex house has just been completed at the corner of Wilson avenue and Isabel street for Mrs. O. Gruenfield of Culver City.

In addition to these activities the Hjorth Construction company is kept busy on contracts in Pasadena, and has several more contracts pending.

The company has an exclusive designing department in charge of competent designers and the contracts of late have kept the men busy, it is stated.

SPECIAL TREAT ON MOTHERS' NIGHT AT T. D. & L.

'Kiddies' to Appear Only at 8:45 o'Clock Tonight, So Be Early, Is Advised

Tonight is Mothers' Night again at the T. D. & L. Palace Grand theatre. The mothers of Glendale enjoy this special treat for them. The kiddies who will appear are said to be better than ever. They appear at 8:45 only, so be early.

Thomas Meighan, athletic Paramount star, seldom, if ever, disappoints his audiences. Hence it follows that when his latest picture, "Cappy Ricks," based on Peter B. Kyne's famous stories, was shown at the T. D. & L. theatre yesterday, Mr. Meighan added another delightful morsel to his long list of picture successes.

Mr. Meighan is excellent as Matt Peasley, a seaman's mate, who falls in love with and wins Florrie Ricks, daughter of the irascible Cappy. He proves his mettle as a man in two or three capitalistic encounters which take place in the development of the story. Altogether, his portrayal is one that is enjoyed by everyone. Agnes Ayres is charming as Florrie, while Charles Abbe is wholly artistic in his portrayal of Cappy.

"Cappy Ricks," directed by Tom Forman, is one of the most enjoyable pictures seen here in a long while. Mack Sennett's comedy, "On a Summer's Day," and Burton Holmes' Travels complete the program.

Flower Show to Open In L. A. on Thursday

The California Flower Show and Horticultural Exhibition will open its doors to the public at Exposition park, Los Angeles, Thursday night, October 20, at 7:30 o'clock.

For many months this gorgeous pageant of flowers has been in course of formation. The visitor will be amazed at the result. That it will excel any similar show ever presented, is the belief of those who have not only been interested in the show but those who have been privileged to see the exposition as it now stands completed and ready for the thousands of visitors expected from every section of the southland.

The opening ceremonies will occur at 7:30 o'clock Thursday night and will include short addresses by prominent Californians to be followed by a fine musical and vaudeville program. The Los Angeles Municipal band of thirty pieces will be among the musical organizations represented.

The work of installing the exhibits has been practically completed and everything will be in readiness for the opening. The big tent is a mass of wonderful color, with magnificent feature exhibits of fruits and flowers, a wonderful array of dahlias, roses, chrysanthemums and other flowers. The decorative features as well as the illumination, the creations of General Manager F. M. Renfro, will prove especially pleasing, for the interior of this big tent is a fairyland.

The industrial section in the Armory is filled with exhibits, it being necessary to place some of the displays the main tent in this section, so great is the desire to be a part of the most wonderful floral exposition ever planned. The sunken gardens of seven acres, the third feature of this show, are superlatively beautiful at this time as a result of months of work. The exposition will be open each day and night October 20 to 26. An attendance of at least 200,000 persons is anticipated, for it is superior to any exposition of the kind ever held.

Stock Market Report

NEW YORK, Oct. 17.—The stock market closed irregular today. Share covering in the last few minutes promoted recoveries in some issues. Railroad strike talk continued to be the chief influence in the trading. A break in the price of German marks to a new low record of .00524 was a feature. Call money fell to 4 per cent, but this had little effect. United Retail stores rose over one point to 54 1/2. Mexican Petroleum rallied from 91 1/2 to 93 1/2. Railroad shares improved fractionally from the low. Steel issues recovered fractionally.

Government bonds unchanged. Railroad and other bonds irregular.

Total sales stocks today 610,800 shares; bonds \$14,286,000.

TUJUNGA STREETS IMPROVEMENT IS PLANNED

Property Owners Organize;
San Fernando Fair Has
a Big Deficit

Preliminary plans for inaugurating Tujunga's first street improvement campaign crystallized at a meeting held in Bolton hall last week into the organization of a street improvement association composed of owners of property on Sunset boulevard, Summit avenue, Stephens Way and San Ysidro Road. Between 35 and 40 people were present, and the representation was quite equally distributed among the several streets. Officers elected by the association were: E. T. Theobald, president; Mrs. A. D. Wade, secretary; David Costello, treasurer.

\$50,000 Fair Deficit

Promoters of the San Fernando Valley Fair and Market are overwhelmed at the apparently vast deficit—it being estimated at more than \$50,000. The directors and others financially interested have given up hope of meeting the debts, it is said. Burbank now believes its "lesson" in showmanship was cheap, California's greatest spectacle costing citizens there more than \$20,000.

Tujunga Masons Plan Temple

Discussion of plans for building a Masonic temple at Tujunga is now centering about the question of a site. Two locations are under consideration, one on Sunset boulevard near Monte Vista, and the other on the highway near the site of the Higher Thought college. Officers of the Aeacis club held a meeting Sunday, when the relative merits of the two sites were presented and the matter will be further debated at the next regular meeting of the club on the first Monday in November.

Woman's Club Active

The La Crescenta Woman's club held their first meeting of the year last week at the school auditorium. Mrs. Charles Haste and Mrs. R. Wildhack were hostesses. There was a reception of the new officers and a splendid musical program. The officers for the coming year are: Mrs. Fred Anderson, president; Mrs. Seymour Thomas, first vice-president; Mrs. S. B. Young, second vice-president; Mrs. Turk, third vice-president; Mrs. C. W. Angier, fourth vice-president; Mrs. M. S. Collins, recording secretary; Mrs. R. Wildhack, corresponding secretary; Mrs. E. U. Nettleton, treasurer.

Community Church Elects

At the annual meeting of the Tujunga Christian church held at the Community church Dr. Henry N. Wieman was re-elected pastor and other officers elected were as follows: Managing board, Frank Hough, J. J. Jenkins, Miss Hannah McKee, Miss Zoe Gilbert and Nelson E. Jones; financial board, Miss Helen Atkinson, Miss Mary Lewis, Miss May Manley, H. L. Slayton and E. W. Schoch.

Young Salesmen Being 'Made' by Dye Works

"Hey! Mister! Want your suit pressed?" Residents in the neighborhood of the Buffalo Dye Works, 106 West California street, will have to mind their "p's and q's" and watch their step—or rather their clothes—if they don't want some wide awake youngster to accost them on the street and bluntly suggest that their clothes need attention.

So says S. Earl Cutting. He ought to know because he is interested in a plan to pay neighborhood "kids" 10 cents for every suit they bring to the Buffalo Dye Works to be cleaned and pressed. Next Saturday afternoon at 6 o'clock the boy who has brought in the largest number is to be given a new regulation Reach football. This is now on display in the window.

L. A. Hart Declares Realty Business Good

"Despite the fact that we are somewhat handicapped by having our new office quarters remodeled at 113 East Broadway, real estate business continues good. Last week we sold a number of houses," said L. A. Hart of the Hart Realty company, 120 South Brand boulevard, "but as yet are unable to announce the exact date of our public reception," he said.

P. C. Brown Becomes Resident of Glendale

P. C. Brown, manager of the Glendale Realty company, 131 South Brand boulevard, has completed moving from Eagle Rock to 634 North Howard street. Since taking up the management of the realty firm, the call of Glendale was too much for him resisted by Mr. Brown, and he immediately secured a residence nearer his place of business.

WORLD NOT GETTING WORSE, DECLARES REV. H. C. FUNK

Show Good Disposition and
Things Will Be Better, So
Minister States

"I don't think the world is getting worse," reassured Rev. H. C. Funk at the Lutheran church yesterday. "I merely think that people are getting their eyes open."
"How to Make the World What It Ought to Be," was in sequence to last week's sermon, "The World as It Is."
The first message was based upon a passage in scripture by Paul: "For the whole creation groaneth and travaileth in pain until now."
"That is an exact description of the world as it is now," declared Rev. Funk. "But while that is the truth, it does not leave the world in a hopeless condition. There is no occasion for despair because the same writer says: 'For I reckon that the sufferings of this present time are not worthy to be compared with the glory that shall be revealed in us.' Now you see there is a hopeful outlook."

"Mighty Hard to Beat"
"This world in which we live is mighty hard to beat. It is true that we get a thorn with every rose but nevertheless the roses are sweet just the same. I am in love with the world because I have found so many good friends in it."

"The question is: How are we going to get the world out of the condition in which it is? The thing is to use our brains and intellect. Men ought to use better judgment than ostriches and be rational. We will never transform the world by showing a mean, ugly, sour disagreeable disposition toward everyone who may not agree with us. If you want the world to be kindly toward you, the best thing to do is to show the world a good disposition yourself."

"Trouble Is With Us"
"The world after all is a beautiful world and the trouble is not with the world but with us. We are never satisfied. We are a lot of dissatisfied, disgruntled people. We are always growling and finding fault. You can see it in politics. The Democrats are never satisfied while the Republicans are in power and the Republicans would rather turn the government over to the devil than let the Democrats get control."

"The world ought to be one big brotherhood, with every one interested in each other. Then we would have a little heaven right here if we actually practiced the golden rule."
"The chief thing when it comes to transforming the world into what it ought to be is the fact that the world must be conquered for Christ. The problem is a religious one. We should work in harmony with God's plans. The trouble is that we leave God out of account. We pray for God to come over on our side when what we should do is to find out where God is and go over on his side. The gospel is the power of God. That is the message that is needed for the hour."

Rommel Company Busy on Construction Work

The Rommel Construction company, 131 South Brand boulevard, is rushing the work as fast as possible on the two-story store and apartment building at the northwest corner of South Brand boulevard and Maple street for S. Z. Walters, 714 North Brand boulevard.
In the short time the company has been on the job brick walls of the first story have been completed and half the floor joists are in place. Judging by the progress that has been made since the company started work on the building but a short time ago, the next ten days or two weeks should see the building ready for the finishing touches.

WAR VETERANS MAY GAIN EDUCATION BY STATE HELP

Sum of \$500,000 Is Given to
Carry Out Provisions, So
Local Legion Hears

Step right up, California veterans, and get educated!

Application blanks and rules and regulations for the California Veterans' Educational Institute, which was established by the state legislature in May, have been received at last by Attorney James F. McBryde, adjutant of the local post of the American legion.

For the purpose of carrying out the provisions of the act the sum of \$500,000 has been appropriated from the funds in the state treasury. Of this amount \$300,000 is available now and the balance will be available on the first of July, 1922.

Any veteran, who was a bona fide resident of the state of California and honorably discharged from the service and who desires to continue his education may apply for admission to the institute.

Welfare Board Controls
The act creates an educational institution to be known as the California Veterans' Educational Institute to provide opportunities for veterans to continue their education. This institute is under the management and control of a veterans' welfare board.

If, in the opinion of the board, the educational needs and desires of the veteran can be satisfactorily met in educational institutions in this state, the board shall assume state wardship over the education of such veteran. The board shall have the power within its discretion to provide educational counsel for students and where necessary assist them in securing admission to suitable institutions of learning.

Private schools shall be chosen only when suitable opportunity is not available in public or semi-public institutions. Conscientious objectors and any person discharged from the service dishonorably or because an alien cannot benefit by this act.

Any veteran who has taken advantage of the benefits of the veterans' welfare act or of the veterans' farm and home purchase act, or who has received a bonus or adjusted compensation from this state, is precluded from taking advantage of the opportunities offered under the provisions of this act.

The board has the ability to provide:
First—Tuition and other fees.
Second—A monthly subsistence of not over \$40.
Third—Transportation charges once each year from the home of the student to and from the institution of learning.

Fourth—Necessary expenses for the purchase of books and supplies. Not more than \$1000 may be expended upon any one veteran.

Application blanks for benefit under this act are now in the hands of Attorney James F. McBryde, whose office is at 103A North Brand boulevard. These must be filled out and mailed to Robert F. Smith, secretary of the Veterans' Welfare Board, state Capitol, Sacramento, before the twentieth day of this month.

Attention was called by Attorney McBryde to the fact that discharge papers must be officially recorded by the county recorder before the application is dispatched. He stated that this usually required two weeks, although some of the boys have been taking their papers into Los Angeles and waiting until the documents are attested.

In determining the bona fide residence of the applicant the legislature rules that the board shall apply the rules laid down in the political code of the state of California. These state that a residence is "the place where one remains when not called elsewhere for labor or other special temporary purpose, and to which he returns in season of repose."

All other elements being equal, preference is to be given:
First—To the applicant not able to receive assistance from relatives.
Second—To the applicant not able to defray his own expenses.
Third—To the applicant residing within the borders of California at the time of making application.

Applications are to be acted upon in the order in which received. Attorney McBryde was unable to form any conclusion as to when the opportunities might actually be open to those entitled to them.

RETURNS GOOD FOR EVIL

NEW YORK—Thomas Irwin returned good for evil. When he found the dice were loaded he held up his opponent with an unloaded revolver. The judge fined him for seven days.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable
If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthos-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Menthos-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.—Advertisement.
